Attention: Mr. Chris Bennett, P. Eng.

Dear Sir:

Re: Evans Avenue Multitrade Service Centre

With this letter, we thank you and your subcontractors for the fine work done in delivering our new 43,000 sf multitrade service centre at Evans Avenue (Evans Yard). In addition to handling the complexity involved in constructing the various trade shops, offices, and related spaces, we particularly appreciated your fair pricing and efficient handling of the large amount of difficult additional work requested by us that was on, or near, the critical path of the schedule.

Your professional approach to ensure a successful project was welcome and we wish you and Titan Construction success in your future projects.

Please convey our thanks to BC Comfort and Jakes Electric, your mechanical and electrical subcontractors, who can also be proud of a job well done.

Yours truly,

R.E. Trydal, P. Eng.
Manager of Engineering Services
