Langley, BC V4W 3Z8

Dear Richard,

This letter is to express our appreciation and gratitude for the work you have done for the MEI Society in the project management of our new Middle School. You have provided effective leadership in a project that required diplomacy and prudent judgment. In the end, we can share a collective pride in the quality of structure that was created, and by extension, be blessed with the tremendous learning opportunity that was created for children in faith-based education. I have enjoyed working with you and appreciated your willingness to deal with the many requests that were placed on you. Despite the frustrations, I think we can all be grateful to God for His protection and goodness in having the school ready for our September opening.

On a personal note, thank you for going the second mile in supporting MEI through your generous donation to our ministry. Your gift will go a long way in helping us meet the significant capital costs of a project such as this. May God bless you for your kindness.

Blessings,

Peter Froese,
Superintendent, MEI Schools.
